

Dear colleagues,

RE: the English session in the Annual Congress of JES in Tokyo in 2012, with waiving registration fee for the foreign delegates.

The Annual Congress of JES in Tokyo in 2012 (Convener, Prof. Masato Matsuura, October 11-12, 2012, Tokyo) are calling for abstract submission from foreign delegates (including foreign delegates currently stayed in Japan) for English session, and the registration fee is waived on this occasion.

We are looking forward very much to many abstracts to the English session from your country.

If you have any questions, please let us know.

With our best wishes,
